

The Human Resource Consulting Group Named a Fastest-Growing Private Company in the Nation

Attributes success to growing demand for high-quality outsourced HR and Payroll Services

Seymour, CT, September 2010 -- *Inc.* magazine has ranked **The Human Resource Consulting Group, LLC** of Seymour, CT as a fastest-growing company in the U.S. on its fourth annual *Inc. 5000* list, and 85th in the Human Resource Category. The list represents a comprehensive look at one of the most important economy segments—America's independent-minded entrepreneurs.

"The leaders of the companies on this year's *Inc. 5000* have figured out how to grow their businesses during the longest recession since the Great Depression," said *Inc.* president Bob LaPointe. "The 2010 *Inc. 5000* showcases a particularly hardy group of entrepreneurs."

Founded 22 years ago by Robin Imbrogno, with clients and employees throughout the U.S., The Human Resource Consulting Group, LLC (HRCG) is a full-service human resource outsourcing firm, payroll processor, and benefits administrator that specializes in providing hands-on expertise and bundled HR and Payroll services to organizations with fewer than 1000 employees. This level of integrated technology and expertise is otherwise cost-prohibitive for most small and mid-sized organizations to source and maintain individually.

Clients benefit from HRCG's practical and cost-effective solutions for payroll, risk management, HR administration, time and attendance, and benefit management challenges. "For more than 20 years, our high-touch service model has facilitated partnership with our clients to centralize and manage their burden of administrative tasks. This enables them to focus on their core mission and reap the benefits of more revenue-generating activities," explained Robin Imbrogno, President and Founder of HRCG.

Al Chance, President and CEO of Atlantic Coast, a southeast-based firm, explains, "*HRCG works side by side with our staff to manage all HR functions - onboarding, employee relations, benefits, time and attendance and payroll. When we purchased a chain of 51 Jiffy Lube facilities, we brought in HRCG to work with our 700 employee base. For over 8 years, they have provided a single-source solution that has grown with our company. If we had to set up and maintain an in-house HR department, it would cost much more and we wouldn't get the high-touch service and expertise that HRCG offers.*"
