The Human Resource Consulting Group promotes Elisa Murphy to Director of Payroll and Client Integration

Seymour, CT, June 2011 – The Human Resource Consulting Group, LLC is pleased to announce the promotion of Elisa Murphy to Director of Payroll and Client Integration. The announcement is part of the company's restructuring plan to streamline client implementation services. Elisa previously served as Manager of Client Relations, a role critical to delivering customized payroll, time and attendance, and reporting systems for new clients.

By combining payroll management under Elisa's direction, dedicated payroll representatives participate in client set-ups earlier, reducing training time and developing account specialization through the hands on creation of client systems.

Elisa began her career in Human Resources as a recruiter. After joining The Human Resource Consulting Group in 2001, Elisa quickly moved into management to direct client implementations. Elisa specializes in tailoring client applications to maximize efficiencies and ROI.

The Human Resource Consulting Group provides outsourced HR, payroll, and time and attendance solutions for clients throughout the United States. Named as one of the fastest growing U.S. private firms by Inc. Magazine in 2010, the company has experienced impressive growth despite recent economic challenges.

Robin Imbrogno, President, COO, and founder is a recognized leader in the business community as a member of the Society for Human Resource Management (SHRM), The American Payroll Association (APA), The Independent Payroll Providers Association (IPPA,) and a former recipient of the Association for Women in Communications award (WIC).

The company was honored earlier this year when it received the 2011 Champion of Youth Award from the Boys and Girls Club of the Lower Naugatuck Valley. Its affiliate staffing company, StaffWorks, was also named *Employer of the Year* by *Projects for Industry* for its work in placing employees with disabilities in regional businesses.
