

isolved People Cloud™ Mobile App

Access essential HR functions
anywhere, at any time, from any device.

The isolved People Cloud Mobile App, available in the Apple™ and Android™ app stores, provides employees with seamless access to essential HR information – from time off to pay and more – on any device. With an enhanced user interface designed for today's workforce, the app features consumer-grade technology and user-friendly elements that increase productivity, and ensure consistency and performance for all employees.

Count on isolved to help you deliver a superior employee experience:

Simple Self-Service: Give your employees access to the tools they need when they need them, reducing administrative effort. Seamlessly view and manage pay, time, benefits, talent and other company information on the go, in one place.

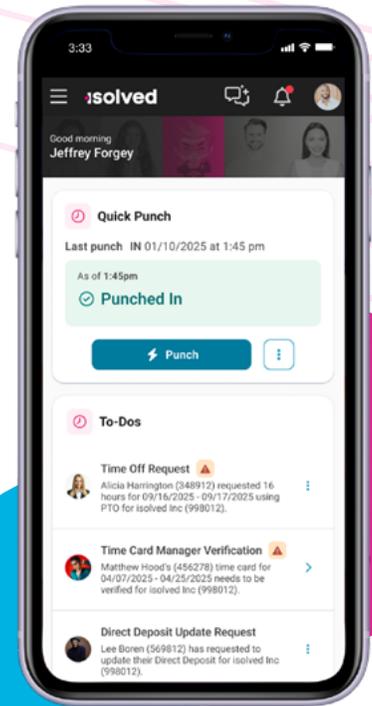

Intelligently Connected Platform: Easily access solutions like Share & Perform, Learn & Grow and Giving & Volunteering from the app. Automate data sharing for a connected and consistent experience.

Quick, Secure Access: Ensure all personal information remains secure with built-in user authentication. Employees can leverage Face ID to log into the app instantly.

Timely Communication: Stay current with the most important tasks, information and updates. Receive convenient push notifications, respond to messages and take action to boost communication and efficiency.

With the isolved People Cloud Mobile App, you can:

- Engage in a modern, simplified onboarding process
- Quickly view and update personal information and complete necessary forms
- Compare election options, enroll in benefits and conveniently enter qualifying life events
- Clock in and out of shifts, view schedules and manage time off requests
- View and manage pay information, including pay history, taxes, and direct deposit
- Access announcements via in-app push notifications
- Complete and submit expense reports
- Leverage Face ID for a secure login experience
- Interact with a built-in chatbot to find answers to common HR questions

Gain simple and seamless access to essential HR information, anytime, anywhere with the isolved People Cloud Mobile App.
